

ACKNOWLEDGEMENT

We would like to express our deep sense of heartiest thanks to Principal Secretary, Commissioner of Revenue Administration and State Relief Commissioner Thiru.**Dr. N.Sundaradevan,I.A.S** for giving an opportunity to do and complete this project.

We would like to express our deep sense of gratitude and profound thanks to Officer on Special Duty,(Relief & Rehabilitation) & Project Director (ETRP / TEAP / JFPR) Thiru.**A.Ramalingam,I.A.S** for creating a beautiful atmosphere, which inspired us to take over this project.

We take this opportunity to convey our heartiest thanks to our respected World Bank Consultant Thiru.**Deepak Singh** for his much valuable support, unfledged attention and direction, which kept this project on track.

We are extremely grateful to District Revenue Officer, Tmt. **J. Anne Mary Swarna** for her much needed guidance and specially for entrusting us with our project .

We would like to express deep gratitude to Information Technology Specialist Thiru. **M.Kumar**, for his valuable support and guidance to complete the Project.

We wish to convey our sincere thanks to all the members of the Project Management Unit, without that co-operation this venture would not have been a success.

MIS-Reporting System

SYSTEM REQUIREMENTS

The following are the software requirements for developing the system

Front end	: PHP,Smarty
Back end	: MS-SQL 2005
Server	: Internet Information Services (IIS)
Tool	: Dream waver

Introduction

- It provides a single source of data repository for streamlining your processes and reporting purposes.
- It has a simple user interface and is intuitive. This insures that the users spend less time in learning the system and hence, increase their productivity.
- Efficient security features provide data privacy and maintains data integrity.
- Enables easy modifications, easy collaboration over the internet and offers complete life-cycle management for processes.
- Supports daily operations by eliminating duplicate data entry, sharing the most up-to-date information, maintaining a detailed history of essential records

Each module has been categorized by user type. There are four modules namely

Housing, Procurement plan, Environment, Infrastructure.

Benefits of MIS-Reporting System:

- It is a fast, affordable, low-risk solution with easy implementation and lower Maintenance and operational costs.
- Helps to optimize the use of available resources in a cost effective manner through their Proper scheduling and resource allocation.
- Is an excellent tool to promote and manage enrollment growth and provide accurate Enrollment data.
- Acts as a decision support tool for the top management and decision makers by generating Real time reports.
- Reduces information time lag, hence, reducing the pipeline delay for any activity.
- Increases the accountability of the individuals towards their work commitment and foster Good working culture.
- Eliminate duplicate data entry and redundant information storage that most often Propagates errors.

The screenshot shows the web application interface for the Tsunami Rehabilitation Programme. At the top, there is a header with the Government of Tamil Nadu logo, the text 'Tsunami Rehabilitation Programme', and 'தமிழ்நாடு அரசு Government of Tamil Nadu Revenue Administration, Disaster Management and Mitigation Department'. A navigation menu includes 'Home', 'User List', 'Report', 'Category', 'NGO', 'Insurance', 'Components', 'Export Option', and 'Logout'. The main content area features the title 'Rajiv Gandhi Rehabilitation Programme Emergency Tsunami Reconstruction Project Vulnerability Reduction of Coastal Communities Project'. Below this, there is a table with two columns: 'Procurement Plan' and 'Housing'. The 'Procurement Plan' column lists: Abstract Report, Procurement Summary, Consolidated, Progress Monitoring Report, Progress Summary, Procurement Track, and Housing Track. The 'Housing' column lists: Consolidated Report, Abstract Reports (with sub-items: VRCC, Phase-1, NGO Backed out, Additional Houses, RGRP). At the bottom, there are two more categories: 'Environment' and 'Infrastructure'.

Procurement Plan	Housing
➤ Abstract Report	➤ Consolidated Report
➤ Procurement Summary	➤ Abstract Reports:
➤ Consolidated	➤ VRCC
➤ Progress Monitoring Report	➤ Phase-1
➤ Progress Summary	➤ NGO Backed out
➤ Procurement Track	➤ Additional Houses
➤ Housing Track	➤ RGRP
Environment	Infrastructure
Environment	Infrastructure

Modules:

1. Housing

- ❖ Consolidated Report
- ❖ Abstract Report
 - VRCC
 - Phase-1
 - RGRP
 - NGO Backed Out
 - Additional Houses

2. Procurement Plan

- ❖ Abstract Report
- ❖ Procurement Summary
- ❖ Consolidated
- ❖ Progress Monitoring Report
- ❖ Progress Summary

3. Environment

- ❖ Abstract Report
- ❖ Consolidated

4. Infrastructure

- ❖ Abstract Report
- ❖ Consolidated

Modular Description:

1. Housing

It consists of four major parts:

1. Project
2. District
3. Package number
4. Habitation

It consist of 5 projects **Phase 1, RGRP, VRCC,NGO Backed out, Additional Houses**. In this, project contains 12 districts. We can select any district. Automatically the Package No and Habitation value should be loaded. If we select **Check All** means automatically all the fields will be selected, and we have to go for an **View Report** then it will display the **Output Screen**. **Un Check All** is used to release the previous selected field.

Access rights will be Provided so that in PMU login,all the datas can be accessed while in district login, the datas related with the Particular district logged in will be shown.

Phase 1 will show the reports having institu, relocation details based on the checked values in the report Screen.

Phase 2 will be having the RGRB values and a grand total of NGO and Govt fields.

VRCC Project will displays the report with the selected details.

NGO backed out option will be having the report of the backed out details of the houses by NGO.

1.1 Abstract Report

This report will have the abstract of each district with the following fields allotted houses, Completed, Handed Over, Not handed Over, Occupied, Un Occupied, and No: of houses under construction with sub categories like Earth work, FC, Basemet, Lintel, Roof level, Roof laid, Plastering, finishing and the details of non started houses.

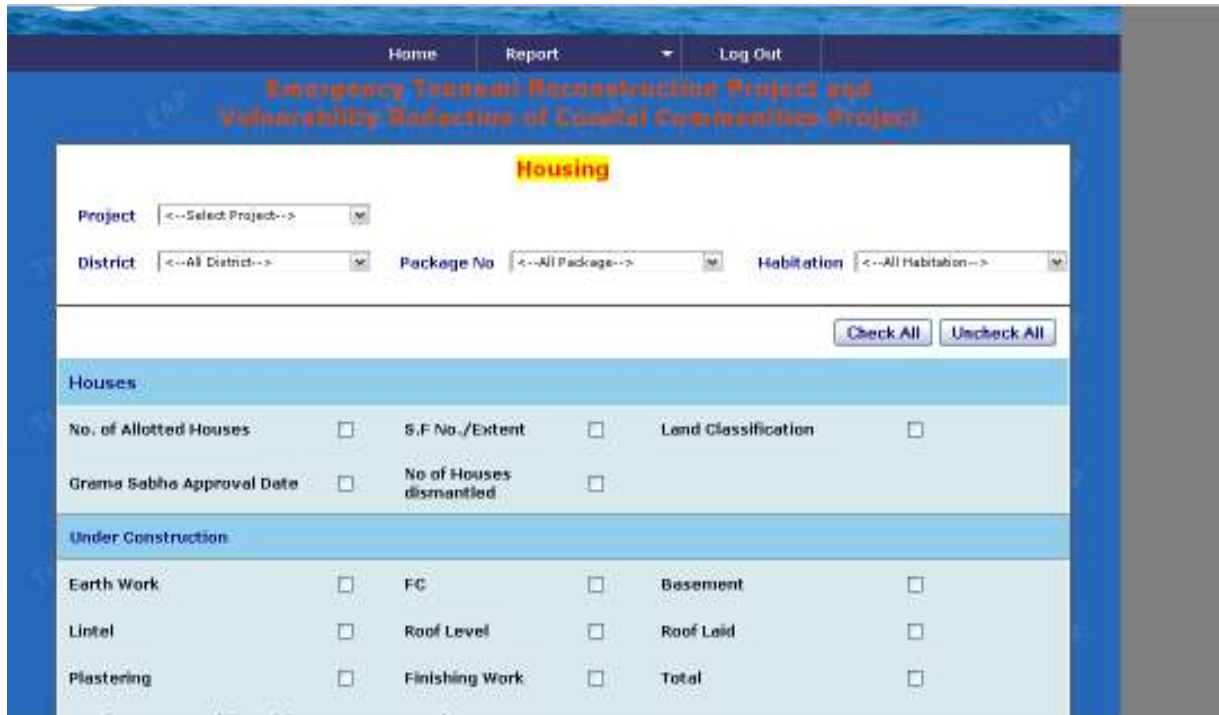

Tamil Nadu Tsunami Housing Projects (VFCC)															
District Abstract															
Name of the District	Allotted Houses	Completed	Handed Over	Not Handed Over	Occupied	Un Occupied	No of houses under Construction								Non Started
							Earth Work	F C	Base metal	Lintel	Roof Level	Roof laid	Plaster -Work	Finishing Work	
Cuddalore	171	0	0	0	0	0	0	0	0	0	0	0	0	0	171
Eancheerpettam	141	0	0	0	0	0	0	0	0	0	0	0	0	0	141
Eanniyakumari	114	0	0	0	0	0	0	0	0	0	0	0	0	0	114

Tirunelveli	114	0	0	0	0	0	0	0	0	0	0	0	0	0	114
Villupuram	171	0	0	0	0	0	0	0	0	0	0	0	0	0	171
Grand Total	1414	0	0	0	0	0	0	0	0	24	0	24	0	24	1414

District Login:

Tamil Nadu Tsunami Housing Projects(YRCC) District Abstract																
Name of the District	Allotted Houses	Completed	Handed Over	Not Handed Over	Occupied	Not Occupied	No of houses under Construction							TOTAL	Not Started	
							Earth Work	P.C	Base started	Lintel	Roof Lintel	Roof laid	Plaster -Start			Finishing Work
Eanniyakumari	1104	104	110	104	1	112	1	1	1	1	102	101	104	104	1104	1
Grand Total	1104	104	110	104	1	112	1	1	1	1	102	101	104	104	1104	1

In district login,each district users can login with their specified user ids and can have the reports for the Particular district they logged.

1.2 Consolidated Report

The screenshot shows a web application interface for a housing project. At the top, there are navigation tabs for 'Home', 'Report', and 'Log Out'. Below the navigation is a title bar for the 'Emergency Tamil Nadu Reconstruction Project and Vulnerability Reductive of Coastal Communities Project'. The main section is titled 'Housing' and contains several dropdown menus for 'Project', 'District', 'Package No', and 'Habitation'. Below these are 'Check All' and 'Uncheck All' buttons. The interface is divided into two main sections: 'Houses' and 'Under Construction'. Each section contains a table of fields with checkboxes for selection.

Houses					
No. of Allotted Houses	<input type="checkbox"/>	S,F No./Extent	<input type="checkbox"/>	Land Classification	<input type="checkbox"/>
Grama Sabha Approval Date	<input type="checkbox"/>	No of Houses dismantled	<input type="checkbox"/>		
Under Construction					
Earth Work	<input type="checkbox"/>	FC	<input type="checkbox"/>	Basement	<input type="checkbox"/>
Lintel	<input type="checkbox"/>	Roof Level	<input type="checkbox"/>	Roof Laid	<input type="checkbox"/>
Plastering	<input type="checkbox"/>	Finishing Work	<input type="checkbox"/>	Total	<input type="checkbox"/>

In Housing module, there is a consolidated report in which the users can have the options to select the district, Project, Package, Habitation with the corresponding fields like

No. of Allotted Houses	Occupied
S.F No./Extent	Un Occupied
Land Classification	Reason for Un-Occupied
Grama Sabha Approval Date	
No of Houses dismantled	Basic Amenties
Under Construction	Capacity of the OHT(in Litres)
Earth Work	LPCD Availability
FC	No of Public taps
Basement	No of household water connection Planned
Lintel	
Roof Level	No of household water connection Completed
Roof Laid	
Plastering	No of Street Lights Provided Planned
Finishing Work	No of Street Lights Provided Completed
Total	
No of Houses Providing with weathering course	No of Individual EB Connections Planned
No of Houses Completed	No of Individual EB Connections Completed
To Be Started	No of Houses Providing with sewerage Facilities Planned
Reason for Non Started	
Handed Over	Leach Pits
Not Handed Over	Septic tank
Reason for Not Handed Over	Eco sanitation

Consolidated (Over all Report):

This screen will show the out put for the consolidated report of housing module with the grand total of Institutional houses, Relocation and the total of the both.

2. Procurement

Procurement consists of the following reports

- **Abstract Report**
- **Procurement Summary**
- **Consolidated**
- **Progress Monitoring Report**
- **Progress Summary**

For each report ,the following options are there to select the datas

1. Project
2. District
3. Package number
4. Habitation

Project consist of 2 projects **RGRP, VRCC**. In this, project is linked with 12 districts. We can select any district. Automatically the Package No and Habitation value should be loaded. If we select **Check All** means automatically all the fields will be selected, and we have to go for an **View Report** then it will display the **Output Screen**. **Un Check All** is used to release the previous selected field.

Access rights will be Provided so that in PMU login,all the datas can be accessed while in district login, the datas related with the Particular district logged in will be shown.

Abstract Report:

This report will give the abstract of the Procurement data's with the following fields,

- Estimate Approval Value(Rs. in Lakhs)
- Contract Amount
- Expenditure Up to Last Month
- Expenditure incurred
- Expenditure total

Access rights will be Provided so that in PMU login,all the datas can be accessed while in district login, the datas related with the Particular district logged in will be shown.

The screenshot displays the web application interface for the Tsunami Rehabilitation Programme. The header features the Government of Tamil Nadu logo on the left, the program title "Tsunami Rehabilitation Programme" in the center, and a user profile picture on the right. Below the header is a navigation menu with "Home", "Report", and "Log Out" options. The main content area is titled "Emergency Tsunami Reconstruction Project and Vulnerability Reduction of Coastal Communities Project" and contains a section for "ABSTRACT REPORTS". This section includes three dropdown menus for "Project", "District", and "Department". Below these are two columns of checkboxes for selecting report fields: "Estimate Approval Value(Rs. in Lakhs)", "Expenditure Up to Last Month", "Expenditure total", "Contract Amount", and "Expenditure incurred". There are "Check All" and "Uncheck All" buttons at the top right of the field selection area, and "View Report" and "Reset" buttons at the bottom. The footer contains the text "Contents owned and updated by Revenue Administration, Disaster Management and Mitigation Department".

We can retrieve the data based on the Project, district and department. A grand total of all the districts will also be displayed. The following screen shot will explain the abstract report of ETRP Project.

Abstract Reports		PROJECT- ETRP				
District	No. of Packages	Estimate Approval Value(Rs. in Lakhs)	Contract Amount	Expenditure Up to Last Month	Expenditure incurred	Total Expenditure
Nagapattinam	54	6112.61	5194.33	-15.76	1846.4	1828.64
Cuddalore	26	1111.4	1876.95	95.19	1163.67	1249.86

Consolidated:

This report will give the consolidated reports for the Procurement data's with the following fields,

- ❖ Date of Design Complete
- ❖ Estimate Approval Date
- ❖ Estimate Approval Value(Rs. in Lakhs)
- ❖ Procurement Method
- ❖ Date of submission of bid document to Bank
- ❖ Domestic Preference
- ❖ Date of noc of World Bank for bid document
- ❖ Date of bid Invitation
- ❖ Bid opening date/extended date
- ❖ Date of bid Evaluation sent to Bank/Board/PMU
- ❖ Bid Evaluation Approval By
- ❖ Date of Bid Evaluation Approved
- ❖ Letter of Acceptance date(LOA)
- ❖ Contract Signed date
- ❖ Contract Amount
- ❖ Address of Date contractor
- ❖ Agreement date
- ❖ Agreement Number
- ❖ WBR No
- ❖ Notice to Proceed date (NTP)
- ❖ Contract commenced Date
- ❖ Contract commenced Period in Months)
- ❖ Date of schedule completion From
- ❖ Date of schedule completion To
- ❖ Expenditure incurred
- ❖ Expenditure total
- ❖ Remarks
